

Cypress Micromobility Safety Agreement

Dear Parents/Guardians and Students:

Congratulations on completing the safety course and quiz. We feel confident that you will follow and abide by all the rules, regulations, and guidelines presented regarding operating a micromobility safely.

Now that you have completed the safety course and quiz and submitted this signed affidavit, you will receive a link to register your micromobility and a 529 Shield. Each shield will be micromobility and student-specific. Students will be required to have these stickers on their micromobility in order to park them on campus. Students should put the stickers on the frame clearly visible.

Cypress High will continue to work in partnership with Lexington Jr. High and Cypress Police Department to keep all community members safe by continuing to be on the lookout for safety infractions off campus. Please know that CYPD will enforce violations of safety laws off campus.

Lastly, if a student is caught violating any of the safety rules and regulations, the school site maintains the right to revoke permits from students and suspend and/or revoke their privilege to commute to and from school via micromobility and/or park their micromobility at school.

Thank you again for your support and partnership in keeping our students safe.

I have read and understand the safety student / parent agreement.
